Local Oratorical Champ Wins In District Contest

Richard Ruppert of Carroll Avenue won both the Hancock County and the 17th District finals in the American Legion Oratorical Contest. Tomorrow he will compete in the Department of Mississippi Vice Commanders Finals in Hattiesburg.

Last week Ruppert won over Cleta Kay Miller in the county wide contest sponsored by the Clement R. Bontemps Post 139. From there Ruppert advanced to the District Finals and was successful in his attempt in the contest which was held in Lucedale.

In the local contest the winner received a \$25.00 Defense Bond and each contestant received certificates.

Ruppert was accompanied by Brother Hubert, S. C. his speech coach at St. Stanislaus, where Ruppert is a junior, his mother, Sydney Bourgeois, Commander of the local Legion Post, and Mr. and Mrs. Russell Elliott.

Hubbard Attacks Board Scheme To Get Hospital Bond Issue Without Calling An Election

PRESENTS CHECK—Wallace Bontemps, chairman of the Housing Authority presents Mayor John Seaford with a check for 10 percent of the shelter rent collected. Looking on at the presentation are in the middle E. J. Arceneaux, commissioner of the Housing Authority, George Heltzmann, on the left, executive director, and City Commissioners Cyril Glover and Sylvan Ladner.

Beat Five Supervisor R. G. Hubbard, in a heated discussion at the Board of Supervisors meeting Monday, challenged an order asking Representative Walter James Phillips to introduce a local and private bill in the legislature to enable the county to float enough bonds to construct a hospital without calling an election.

Hubbard emphatically stated, "I am in favor of calling an election. I think the people should be allowed to vote on the issue before the county borrows \$150,000."

He continued "Between this meeting and the last one we had resolution was signed by the other four members of the board and given to Representative Phillips to introduce a local and private bill. This failed in the house. And now they have given Phillips another resolution, this time when the board is in session."

Hubbard added, "I wasn't even informed about the first resolution given to Phillips."

Board Attorney Lucien Gex stated that he thought Hubbard's remarks were "out of order."

Hubbard replied by saying, "There now seems to be six members on the Board. Mr. Gex the sixth one."

Hubbard also stated that he considered the legislation shady.

Representative Phillips demanded the statement of Hubbard be retracted. He said, "I had been asked by the board to seek the passage of the bill and facilitate the work of financing a hospital. This seemed to be the wishes of all present at the meeting."

Hubbard retorted by stating, "I did not mean Mr. Phillips had done anything shady. I merely meant what I said, that the legislation was shady."

Phillips stated that he would add a clause to the bill which would allow ten percent rather than the usual 20 percent to call an election on the issue by way of petition.

Hubbard still stated his dissatisfaction. But the Board passed the order by a majority and Hubbard's pleas to call an election and "let the people decide on the issue," were received by deaf ears.

Phillips returned to Jackson for the remaining sessions of the Legislature and to receive a possible okay on the local and private bill.

If passed, the Board will then have \$175,000 for the construction of the hospital. Recently Phillips had a resolution passed which allowed the Board to transfer \$25,000 from the paupers fund to the health and sick for hospital funds.

When the board agreed on a county owned hospital the cost of construction mentioned was \$125,000. An architect's estimate has not been received at this time. But should be ready in the near future.

The Board also voted, this time unanimously to give the King's Daughters and Sons the money promised them for the buying of the necessary laboratory equipment and enough to allow them to hire registered nurses.

The Board agreed to donate \$1000 for the equipment and \$500 a month more for the salaries of the nurses.

ORATORICAL WINNER

Richard Ruppert, Junior at St. Stanislaus, was named the winner of the contest. Georgia will compete in the state

Psychologist Talks To PTA Here

Dr. H. L. Deabler, chief psychologist at the Veterans' Administration Hospital in Gulfport, discussed "Relationship between the Child and the Parent" in his talk before the Bay-Central Parent Teachers' Association Thursday night here.

He cited four extreme attitudes of parents which can create an unhealthy atmosphere in a home. These may cause breakdowns in the children resulting from too many outside activities by the parents or from being the first-born was the first attitude. Prevention of this may be brought about by explaining to the child and assuring him of love for him.

Over-protection and a smothering love must be guarded against, he said. "Allow boys a reasonable amount of fights. It shows them how much they can rely upon their own strength," Dr. Deabler urged. He cited examples of men in the hospital who are results of this smothering type of parental love.

Over-strict parents with a perfectionist attitude creates uncertain and neurotic children and finally over-indulgent parents cause children to become noncooperative and inconsiderate.

"Let a child try out his own resources and stand on his own feet. Furnish genuine affection and keep real love in the home for his well rounded personality," he concluded.

Mrs. Charles Schultz led the group in singing with Mrs. Carl Smith accompanying at the piano. Refreshments were served by the following committee: Mrs. T. T. Robin, Mesdames Leo Parker, Wayne Alliston, Teddo Thomas, Bruce Sharp, Gerald Favre and Charles Schultz.

Young Paul Miller gave a very comprehensive report from the sixth grade. Third and eighth grades tied for the most parents present.

KILN WILDCATS FINISH THIRD IN CLASS B-BB STATE CAGE TOURNEY

The Kiln High Wildcats were stopped two steps short of the Class B-BB State Championship. But they did manage to capture the consolation game and return home with a third place trophy to add to their ever increasing collection.

Puckett, the top team in South Mississippi was the unmovable barrier that Kiln could not hurdle in its dash for the crown. This defeat, according to Coach L. C. Ladner, was due to the lack of shooting accuracy in his two sharpshooters, Larry Ladner and Royce Shiyou.

And that was the difference as Puckett moved to a 41-35 victory. This was one of the lowest scoring games for Kiln all season. In the consolation game, Kiln pulled away in the last quarter to draw off to a 62-56 victory.

In this contest Kiln's lead was cut to a one point difference in the third quarter after holding an eight point half-time spread. Royce Shiyou with 23 points

Red Cross Needs Aid

The American Red Cross campaign is fundamental and vital," J. Cyril Glover, chairman of the 1955 drive, stated as the second week of the fund campaign got underway in Hancock County.

Glover explained that through the appeal to the people of Hancock County, Red Cross not only increases its membership and secures the funds necessary to continue its work, but, also, by renewing and strengthening membership, it increases the number of active members, the volunteers, who do the major part of the Red Cross job.

The Red Cross was conceived in 1859 by Henri Dunant, a young Swiss, who, shocked by the lack of care given to the wounded left helpless on the battle field of Solferino, determined to organize an international society of volunteers for the relief of armies in time of wars. It extends a helping hand to people in distress.

In the United States, Dunant's cause was taken up by Clara Barton, who had done similar work during the Civil War; and the association grew from a relief agency during the Spanish American War in 1898 to the present organization which trains millions of Americans in first aid, water safety, home nursing and other voluntary services that improve the welfare of the community.

Chairman Glover is urging everyone to contribute to the drive being conducted this month; your contribution will help people to help themselves and their neighbors by providing the resources for the Red Cross training program and its various other functions.

Inquiring Reporter The Question

Do you think Mississippi's high schools should be allowed to give athletic scholarships?

The Answers

Coach Farley Day, Stanislaus—"I don't believe in high school scholarships because everyone has the chance to attend school without such aid. Also it would make football more of a job than a sport."

Coach Lance Lumpkin, Bay High—"I think so because we have a lot of boys who can't afford to attend school unless they receive a scholarship."

Dr. H.M. Keefe, retired navy officer—"No, not in high school. If you give athletic scholarships in high school you are going to start emphasizing football and you will find scholarship will suffer."

C. C. McDonald, Jr. Awarded Court House Job

C. C. McDonald, Jr., contractor was awarded the contract for the repair work to be done on the Court House. The bid was \$17,185, which was \$11 lower than the next bidder.

Previous to this McDonald had the lowest bid but the board refused all of the bids and re-advertised the project. The reason for doing that according to Johnson Shaw, president of the Board, was the report from contractors that they did not understand the bid.

The specifications of the architect were changed thereby lowering the estimate of the

Look for the Hand Sign

Shellen has had a successful season at the grounds as at ways.

A newcomer to the trade is Willy Rhodes, who has recently purchased another thoroughly bred from a departing owner in New Orleans.

The new addition is a three-year old filly who has never been on the tracks. And Willy is fighting on leaving in that way for he had brought her in for breeding purposes.

Another one of Rhodes' horses has been shipped to the state of Louisiana to be bred to a mare. The very successful one of the two year olds belonging to the N. J. Rhodes stable and whose sons and daughters have captured many of the big prize purses at the grounds this season.

Big things are expected for this new addition. Willy Rhodes is a couple of years younger than the other Willy Rhodes who is still in the track. He is a two year old and will have the track by the end of the year.

It is said that the Rhodes stable purchased a mare from the Ray St. Louis stable in Louisiana. At the present moment no value is to be put on the purchase of this mare. But we will venture to say that she will not be an old maid.

So you see the racing future of Ray St. Louis is bright. That is from the owners and trainers point of view. As far as the bettors are concerned, there is no bet being made. "You can bet a race, but you can't bet the horse."

That is the only advice your writer has to offer the public.

Wide Creations, director of

the State Game and Fish Commission, reminds sportsmen that the turkey season on the Wolf River Wildlife Management Area in Pearl River, Lamar and Marion counties will be closed this year.

There are not sufficient turkeys in the area to justify a hunt, according to Richard Handley, Federal Aid Coordinator.

Handley said the new back-bone refuge in the area is now being stocked with wild turkey to boost the native population and to spread them out over the whole range.

Speaking of turkey hunting, Mr. and Mrs. M. L. Lynch, both of the Lynch Turkey Co., said they have the best turkey and it is hard to come by. Mr. Lynch was demonstrating the turkey call here last week. The gophers can be purchased from Brown's Sporting Goods, Gulfport, and from the Lynch and Lynch Co., Gulfport, Miss.

It was good to see E. P. King, partner and at Pass Christian, and his wife, during the week. King says he has a lot of turkey, but enjoyed watching the chase. He was with two birds.

Bay High In Third Week Of Spring Football

Bay High boys are not for Spring football practice at Bay High as the Tigers have not yet started their two weeks of training.

Coach Larry Day opened track practice this week with hopes of finding replacements for three of last year's stars.

Those boys who have Coach Day looking in the corners for a Wes Santee or even a Roger Bannister, are A. J. Burke, a graduate this past June, Hargrove injured during football season and Birch Wilbert, who is ineligible for a varsity competition for the rest of the year.

Burke was the big man of the team last year. He ran the 200 yard run, the high hurdles, threw the discus, the shot and broad jumped and competed in relays.

Hargrove was a sprint man with Wilbert was the mile and middle distance runner.

Thirty-five boys reported for practice Monday. Only five of them are lettermen from last year.

Of these Louis Leiber is the most prominent. Leiber is well known on the Coast for his pole vaulting and high jumping. Other one year veterans are Larry Fink, Woodie Sanna, Don, Walter Gex and James Gex.

The first meet for the Rockchaws will be held in Covington. Leiber is St. Paul's and another school that hasn't been named at this time.

The first workout here will take place in April 2nd at the Stanislaus stadium.

Stanislaus Starts Baseball Training First Game On 25

The St. Stanislaus Rockchaws under the direction of Coach Herb Adams, started baseball practice prior to the beginning of the 1965 season.

Five lettermen of last year's team make up the nucleus of the 50 odd boys seeking a position on the 17 traveling squad.

Those who received letters last season and have returned this year are Alfonso Adalpe, Kenny Artigues, Billy Rhodes, Larry Mathes and Quintin Couvas.

Kenny Whitmann and Sam Robino, squadmen who did not letter last year, are also aiming for starting berths.

At the present time Mathes, a junior student, is the number one pitching prospect. He pitched for the Rockchaws this past season and had a mediocre record.

Coach Adams is banking on him heavily for the coming games.

Rhodes and Artigues are two promising sophomores, who both lettered last year as freshmen. Adalpe from past performances, steps up as the power hitter of the club.

The loss that will be felt most of all by the Stanislaus Club this year is that of Billy Scarborough, the local youngster who graduated last June. Billy played every position on the team at one time or another.

This is Coach Adams' second year coaching the diamond sport. Last year at Long Beach his team ended the season with nine wins and four losses.

He stated at this early stage he could not comment on the prospects of his schedule that he faces.

Following is the Stanislaus baseball schedule:

March 25—Ocean Springs here
March 29—Gulfport, here

Buyers' Mart
The Harbor Shop in Pass Christian is a delightful place for gift shopping.
The small, compact establishment, located in the heart of the Pass business district, is unique in that it dispenses only locally made items - new items, that is. There are a few antiques scattered around for variety.
The Harbor Shop has several departments. One is the barber board, where persons can display small cards telling of home services such as the one we noted offering laundry work on crocheted place mats.
Then, too, if you are a resident of the coast, and if you make some saleable article, perhaps by contacting the Harbor Shop you can make arrangements for your product to be sold right in the store.
We saw some pretty hand-made string gloves, decorated at the wrists with pearls and touched with another pearl on one finger. In tan, they were two dollars a pair, and there were several assorted colors displayed.

are about the only foodstuffs the shop will handle, but they have these at one dollar and a dollar fifty a box. The cheese straws are sold in air tight cans and are made locally from a real home recipe.
Also in the clothing line, there were little beanie for evening wear. Most of them are five dollars.
There is a great big assortment of jewelry of the costume type obviously made with talented hands and stamped with the individuality that comes with handmade articles.
The pottery displayed is made on the Gulf Coast in two or three different spots, and you'll find several one of a kind - articles, such as the enameled and bejeweled hammer, screwdriver and pliers set for very lady-like carpenters.
Take a trip over to the Harbor Shop. You'll enjoy looking around.

The Right Direction

The Board of Supervisors - while playing football with a proposed new hospital for Hancock County - is about to take one fine step.

It plans to give money to the present King's Daughters and Sons Hospital for laboratory equipment and nurses salaries.

These two steps alone will go a long way towards transferring the present hospital from its present status as a first aid station to that of a true hospital.

This does no mean, of course, that we can escape the need for a new hospital.

The very building occupied by King's Daughters demands a new hospital. This is a converted house - and an old one, at that - which cannot be kept up to hospital standards. It's not the fault of anyone, except Father Time who has taken his toll on this structure.

Meanwhile, the supervisors want a bill to permit a nice juicy bond issue for a county built hospital. The Supervisors persist in their desire to throw federal aid out of the window.

Their main excuse - if they have any - is that we cannot afford to keep a federal hospital up to snuff. But this is foolishness. In the first place, they already are taking the steps to bring King's Daughters staff up to standard. In the second place, the standards of the state hospital commission do NOT differ between federal and state hospitals. In the third place, there is NO limit on legitimate charity cases in a federally-financed hospital; however, it may well be tougher to get phony and political "charity" case past the public eye.

Politicians everywhere sometimes get the idea that the people in general don't amount to a row of pins. They seem to feel that the public money, collected in taxes, belongs to them. This is a bad enough attitude. But when it affects the health of the people, the situation becomes even more disgraceful.

You should get what's coming to you. And under the laws of the United States, you have a federally-financed hospital coming to you. You should not be done out of it in order to satisfy the whims or needs of any one or group of politicians.

The thing to do now is make yourself heard. And if the politicians can't hear your demands now, remember, you can talk a little louder - at the polls - in August.
